

The Being Well Center

30 years. 10,000 patients . . . We know ADD.

Dr. Craig B. Liden, MD - Medical Director
 Terri West, PA-C - Associate Medical Director
 Jane Reck, MS - Director of Clinical Services

How We Are Different

At the BWC, we're not your typical medical practice! Unlike a family doctor or pediatrician, or even the average mental health specialist, at the BWC we take a close, caring, and systematic approach that others just don't do.

	The Being Well Center	Family Doctor/ Pediatrician	Mental Health Professional
--	-----------------------	--------------------------------	----------------------------

- Offers a thorough question-and-answer **Discovery** session to give patients a chance to ask questions, express their concerns, and tell their story.
- Offers a comprehensive **Assessment** to analyze ALL factors (i.e., The Whole Person) affecting the patient
- Creates a short and long-term intervention **Plan** tailored to the patient's unique needs
- Systematically tests medications and doses to ensure the use of the right medicine (if needed) and dosage schedule
- Provides **Continuous Support** to implement the plan, make adjustments, answer questions, review next steps, & celebrate victories.
- Focuses on the goal of **Independence** . . . the ability to confidently lead a productive and successful life
- Provides extended appointment times if necessary, and the time needed to thoroughly vet issues, answer questions, and refine the plan to maintain progress in accomplishing goals
- Offers in-office, phone and face-to-face Skype follow-up visits
- Offers Long-Distance Services and Support
- Has a multi-disciplinary team of professionals on staff (not a referral) that collaborates together with our patients and their families
- Discusses patients' status, ongoing challenges and progress each day in an hour-long team meeting
- Provides continuous treatment and support across the **Life Span**.
